

## STOCKHOLDERS ASK FOR LOWER PAR VALUATION

Three Companies Requested to  
Issue Five New Shares  
For One of Old

Stockholders of Hawaiian Agricultural Company, Honolulu Sugar Company and Pepee Sugar Company have requested the directors of those companies to "split" the stock 5 for 1 and consideration of action upon the requests are expected at the next directors' meeting to be held.

Proposals of the stockholders of the three companies mentioned do not contemplate any increase in capitalization or anything in the way of stock dividends. They merely contemplate the issuance of five shares of a par value of \$20 for each share now outstanding at a par value of \$100, the issuance of five shares of the new for each surrendered share of the old.

Those who desire the "splitting" of shares to a lower par value maintain that it makes such stocks easier to dispose of, creates a greater demand for the securities among the general public and thus facilitates trading. At the present time there are twice as many companies with stocks at par value of \$20 or \$25 as at \$100, and the lower valued stocks are generally more traded in than those issued at the higher figure.

If the requests of the stockholders shall be granted there will be 100,000 shares of Hawaiian Agricultural Company to represent its \$2,000,000 capitalization and 37,500 shares each of Honolulu Sugar Company and Pepee Sugar Company to represent their respective capitalizations of \$750,000. Based on present quotations Hawaiian Agricultural would be quoted about \$45, Honolulu \$40, Pepee \$30, on the proposed new basis.

Within six months all horse cars in use in New York city will have been replaced by storage battery cars.

Freight cars to cost \$2,000,000 have been ordered by the Inter-Colonial Railway of the Canadian Car & Foundry Co., and the Eastern Car Co.

The Merchants and Miners' steamer Berkshire, Newport News for Baltimore, was grounded to prevent her sinking, after she had collided with a barge in Hampton Roads.

Gold Sealed Commission is Only  
Perquisite to the Acting  
Attorney-General

With his official commission all stamped with a big gold territorial seal, William T. Carden, deputy city and county attorney, is acting attorney-general now in the absence of Kaula of Attorney-general I. M. Stainback.

"There isn't any money in it, though," he observed this morning. "My appointment is as deputy attorney-general for the first judicial circuit, and I will hold down the attorney-general's job while he is away on Kaula."

According to territorial officials, this is to their knowledge the first time that a city and county deputy attorney has ever held at the same time deputyships in both the city and county attorney's and the attorney-general's offices.

## JAPANESE LEAD IN DIVORCES GRANTED WITHIN FIVE MONTHS

During the five months in which Circuit Judge Stuart handled the divorce business of the local circuit court, 76 cases of marital troubles were disposed of, according to a report which will be submitted to Governor Pinkham tomorrow.

The report shows the Japanese to be in the lead with 35 cases, 13 actions having been granted on the ground of non-support. Following is a table of the cases disposed of:

Statutory offense on part of husband, 1; on part of wife, 7; cruelty of husband, 10; of wife, 7; desertion of husband, 7; of wife, 9; intemperance of wife, 1; leprosy, 1; non-support, 23. Two applications for divorce were refused.

Divorces were granted to persons of the following nationalities:

Chinese, 1; colored, 1; Hawaiian and part-Hawaiian, 16; whites (including Portuguese), 19; Japanese, 35; Koreans, 2; alien Portuguese, 2; Filipinos, 1; others, 2.

## FISHING PARTY GOES OUT UNDER GUIDANCE OF H. GOODING FIELD

H. Gooding Field, the well known game fisherman, will take out a party of visitors on a fishing trip early next week. One of the party will be W. B. Sharp, a brother of Raymer Sharp, and the men who was responsible for sending P. K. Burnham to Hawaii. W. Holbrook of New York, another noted angler, and Raymer Sharp will make up the party.

"We could hardly wait until we docked," said Holbrook, when asked about the fishing in Hawaii. "The word has gone out all over the continent that Hawaii leads in game fishing and we are here to take advantage of that fact." Both Mr. Holbrook and Mr. Sharp are confident that there will be a large number of game fishermen in Hawaii this winter.

## GEORGE COLLINS TALKS ON ROADS AT ROTARY CLUB

George M. Collins, city and county engineer, was the principal speaker at the Rotary Club luncheon today at the Commercial Club. He selected for his subject "Good Roads and How to Get Them." In outlining his plans for good roads he said: "There is no excuse for poor roads in any public spirited community."

"The condition of the streets is the first thing which the visitor notices, and upon which he bases his opinion of the community in which he finds himself. The people should boast for better roads. Let them be boosters, not knockers. If our present form of city government needs changing, change it. We are a village no longer. The affairs of the city of Honolulu cannot be conducted on the village plan nor on a village income."

"Honolulu is at present laboring under great disadvantages. It is like a boy who has outgrown his clothes. His trousers are tight, and yet he is forced to go on in discomfort to satisfy the requirements of paternal law. It is time that the same tailor provide a new suit, long trousers this time with a little room to grow in."

## INSPECTORS SEE HOFFMAN CAFE'S ICE BOX AGAIN

Of the 23 restaurants in Honolulu the Hoffman cafe on Hotel street is the worst conducted and most insanitary, according to a statement made today by the anti-tuberculosis bureau of the board of health.

Inspectors of the board visited the restaurant again today and inspected the refrigerator of the cafe to ascertain the state of the food it contained. They found it in very poor condition and say it will take five satisfactory inspections before the cafe can get back the Red Cross certificate which was summarily removed a few days ago.

Fu Wah and Chin Hoy are proprietors of the Hoffman. The inspectors say removal of a restaurant's Red Cross certificate at once cuts a big hole in its trade and that the proprietor generally soon takes steps to comply with sanitary regulations.

## SAY CHANG MOO IS EMBEZZLER

Chang Moo was arraigned in police court this morning on three charges of embezzlement aggregating over \$600. He pleaded not guilty and will be tried before Judge Monsarrat July 3. He was brought to Honolulu yesterday from Wailua by Deputy Sheriff Pieman. Two Filipinos are the complaining witnesses.

## TAYLOR PICKED FOR KALAKAUA DAY SECRETARY

Albert P. Taylor has been selected by Mayor Lane as secretary of the Kalakaua Day celebration committee. He has yet to pick the members of the executive committee who are to have active charge of arrangements. "I will not delay long, though," he said this morning, "for this is going to be a big celebration and it will take months of work to arrange it."

## HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. Hyper-acidity irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bisulphated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisulphated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G.
